Kemin Receives Renewal of Sindirações Certification in Brazil

Company approved in the Feed & Food Safety Program

INDIATUBA, Brazil (December 20, 2017) – On December 15, Kemin received the maintenance of the Sindirações certification for the Feed & Food Safety Program at its manufacturing facility in Brazil.

The company's Good Manufacturing Practices (GMP) management system and Hazard Analysis and Critical Control Points (HACCP) system passed the audit with a satisfactory result, ensuring the maintenance of safe food management for another year.

The certificate is valid for the production of dry and liquid mixtures for animal feed, without medicinal products, including supplements for milk and beef cattle.

With this approval, Kemin can continue working with acidulants, antimicrobials, absorption improvers, probiotic additives and mycotoxin adsorbents.
