

Kemin Industries and Pestell Nutrition Expand Relationship in Canada

The companies enter a distribution and logistics partnership

MONT-SAINT-HILAIRE, Quebec (November 30, 2020) – Kemin Industries, a global ingredient manufacturer that strives to sustainably transform the quality of life every day for 80 percent of the world with its products and services, and Pestell Nutrition, a leading distributor of minerals, feed ingredients and feed additives within the animal nutrition sector, announced today a distribution and logistics partnership across Canada. This expansion of the two companies' established relationship will allow Kemin Animal Nutrition and Health – North America to offer its products to a wider range of customers while giving Pestell the opportunity to broaden its value-added feed additive portfolio across Canada.

"Kemin and Pestell have been partners in western Canada for many years with great success. We are delighted to expand our partnership to the whole country to better serve our current customers and provide new opportunities for Kemin products and services to improve the quality of life for people and animals across the country," said Ferdie Nel, Country Manager – Canada, Kemin Animal Nutrition and Health – North America.

As Kemin Animal Nutrition and Health – North America completes its third year at its expanded location in Canada, it's preparing for future expansions and increasing product awareness with Canadian producers.

"Growing our partnership with Kemin was an easy decision for Pestell, as it broadens our current relationship, allowing us to serve the needs of all our Canadian customers," said Jerry Verger, CEO, Pestell Nutrition.

Kemin Animal Nutrition and Health – North America currently offers more than 20 products in Canada, including organic trace minerals, mold inhibitors, antioxidants and acidifiers, amongst other categories of products.
