

## Kemin Expands Portfolio of Whole-Body Ingredient Solutions at SupplySide West 2023

**LAS VEGAS, Nevada, U.S. (September 26, 2023)** – Kemin Industries, a global ingredient manufacturer that strives to sustainably transform the quality of life every day for 80 percent of the world with its products and services, will be exhibiting at SupplySide West (SSW) in Las Vegas, NV, October 25 – 26, 2023. Attendees are invited to visit the Kemin booth #4265 to learn more about the latest health-forward functional ingredients, including ButiShield™, a next-generation biotic ingredient for gut health and beyond.

Kemin Human Nutrition and Health offers a portfolio of functional ingredients sourced from around the world to deliver a wide range of science-backed health solutions. From immunity to cognition, sleep, vision, gut health and more, Kemin offers many innovative solutions to elevate your next formulation.

Visitors to Kemin booth #4265 can sample various ingredient solutions in formats ranging from tablets and stick packs to gummies and drops. The health-forward ingredient range from Kemin includes:

- **ButiShield™** – an encapsulated source of butyric acid and calcium providing sustained and controlled release, superior handling and low odor. This next-generation biotic provides nutrition and support for gut health<sup>1-4</sup> and beyond.
- **BetaVia™** – an algae-sourced, postbiotic beta-glucan. Studies have shown that it boosts the immune system and supports gut health.<sup>5-6</sup>
- **FloraGLO®** – a naturally sourced, unesterified lutein with an established reputation for quality, safety and efficacy, and the first lutein brand introduced into the global marketplace. FloraGLO lutein is scientifically proven to be a valuable ingredient in maintaining skin, eye and brain health.<sup>7-10</sup>
- **DailyZz™** – a natural, proprietary botanical blend rich in polyphenols clinically shown to promote healthy sleep and better cognitive functioning.<sup>11</sup>
- **Neumentix™** – naturally sourced from a patented line of spearmint<sup>12</sup> high in polyphenols, this ingredient redefines the approach to cognition through improvements in agility, memory, focus and attention.<sup>13-15</sup>

Kemin Human Nutrition and Health offers a diverse range of functional ingredients that have been used in over 100 studies to ensure they provide relevant health benefits to consumers and help improve their quality of life. Kemin is focused on delivering ingredients obtained from carefully selected sources, ranging from proprietary plants to the latest ingredient technologies.
